RoHS Compliant

AO-1312A
DALI PHY MODULE

Features

- Compatible with IEC-62386 (DALI) standard.
- Provide DC 0-5V output for DALI dimming commands.
- Built-in OVP at DALI bus (Type: AO-1312A).
- Designed for DALI loop, easy to install, requires only two wires regardless of signal polarity.
- Low power consumption 5V@20mA.

Application

- Communication interface for DALI device.
